Background Check Protocols

The U.S. Welcome Corps is committed to ensuring the safety of its volunteers and the individuals it serves. Therefore, all individuals applying to participate in a Private Sponsor Group (PSG) must undergo a background check and sign the Code of Conduct prior to approval and participation in the PSG. PSG members are required to report any new charges or convictions during participation in the Welcome Corps.

The Community Sponsorship Hub (CSH) is the coordinating partner of the Welcome Corps and is responsible for ensuring background checks and other pre-requisites are met.

If a PSG member or volunteer associated with the PSG will be providing temporary housing on their property, all individuals 14 and older residing at that property must undergo a background check.

This policy shall be published on the Welcome Corps website at [http://welcomecorps.org](http://welcomecorps.org).

Background Checks

1. Each individual applying for PSG membership must submit to a background check via the Sterling Volunteers website [here](http://welcomecorps.org).
2. CSH will review the results of the background check to determine if any negative information has a direct connection with an individual's ability to fulfill the individual's duties with competence and integrity or that might jeopardize safety.
   a. While each background check will be reviewed on a case-by-case basis, certain convictions will render an individual ineligible to participate in a PSG. These are charges pending disposition, guilty pleas, or convictions for:
      i. crimes of violence (such as rape, malicious assault, abuse, etc.) that causes harm to any individual, within the past seven years or crimes involving the death of an individual, whether voluntary or involuntary, within the past fifteen years;
      ii. felony or misdemeanor crime against a child or incapacitated adult within the past fifteen years;
      iii. identity theft, fraud, embezzlement, or related financial crimes within the past fifteen years;
      iv. felony drug-related crimes, including but not limited to the use, sale, possession, distribution, or manufacture of illegal drugs within the past seven years;
      v. crimes involving human trafficking, sex trafficking, abduction, or kidnapping; or
      vi. crimes requiring the registration as a registered sex offender.
   b. Pleas of nolo contendre cannot be considered a conviction and shall be reviewed on a case-by-case basis.
   c. For crimes not listed above, or for criminal records that do not clearly fall within the above categories (e.g., charged but not convicted), evaluations will be made on a case-by-case basis by Community Sponsorship Hub staff, considering the following:
      i. nature of the offense and whether there was a conviction;
      ii. relevance of the offense to PSG responsibilities;
      iii. elapsed time since the offense conviction;
      iv. age of the applicant at the time of the offense or conviction;
      v. severity and specific circumstances of the offense;
      vi. number of offenses;
vii. rehabilitation since the offense; and
viii. any other relevant information.

3. If an individual applying for PSG membership has not completed their background check at the time of the PSG application to the program, CSH staff will notify the PSG Coordinator via email. The PSG Coordinator will communicate with the individual and establish a time period for obtaining the background check before the individual's application is rejected as incomplete.

4. If any of the information in a PSG member's background check is inaccurate, CSH staff will notify the PSG Coordinator that the member must submit a new background check.

5. A PSG cannot proceed to full vetting and certification until all members have completed and cleared background checks and signed the Code of Conduct.

6. If an individual applying for PSG membership is deemed to be ineligible under this policy, the individual member will be notified via email (to the email address provided during the background check) that (i) they are ineligible to participate in a PSG, (ii) the reasons for ineligibility, and (iii) notice that they have seven calendar days to respond and dispute the accuracy or completeness of information in the background check report.

7. If the individual does not dispute the contents of the background check within seven calendar days, or if they dispute the contents but the CSH designated staff, in consultation with their direct supervisor, are not satisfied with the response, the individual is disqualified. The individual will be notified via the email provided in the background check that their ineligibility is upheld, and they are not qualified to be a PSG member.

**PSG Notification of Ineligible Members and PSG Re-Application**

1. If an individual is ineligible for PSG membership, CSH will notify the PSG Coordinator that the individual does not qualify as a PSG member. CSH will provide no other information regarding the nature of the ineligibility.

2. If an individual already associated with a PSO becomes ineligible for continued participation due to any circumstance described in the policy, CSH will notify the PSO that (i) the PSG member does not qualify as a PSG member, (ii) the individual and PSG Coordinator were notified, and (iii) the PSG may resubmit their application with a new member.

3. The PSG cannot be certified with the ineligible individual(s) on the PSG application.

4. The PSG may resubmit a new application without the ineligible individual(s).

5. CSH will maintain a confidential list of individuals/PSG for which concerns have been raised.

**Other PSG Requirements for Individual Members**

In addition to clearing background checks as outlined above, each member of a PSG must sign the Code of Conduct prior to participation. The Code of Conduct must be signed without alterations or exceptions to the stipulations in the document.
